

**Updated Charge for the Health Information Communication and Data Exchange  
Taskforce**

***As adopted by the State Alliance on January 26, 2007:***

Support the State Alliance on issues regarding the appropriate roles for states' participation in interoperable, electronic HIE. Develop and advance actionable policy statements, resolutions, and recommendations for referral to the State Alliance to inform their decision-making process in addressing state efforts for interoperable, electronic HIE and the ways in which states can enhance publicly funded programs, through cooperative HIE activities with the private sector.

***As proposed to the State Alliance on March 30, 2007:***

Support the State Alliance on issues regarding the appropriate roles for publicly funded health programs in interoperable, electronic health information exchange (HIE). Develop and advance actionable policy statements, resolutions, and recommendations for referral to the State Alliance to inform their decision-making process in addressing ways in which states can enhance Medicaid, employee health benefits, and public health through cooperative HIE activities with the private sector.
