

About NGA

Founded in 1908, the National Governors Association (NGA) is the collective voice of the nation's governors. Our members are the governors of the 55 states, territories and commonwealths. NGA provides governors and their staff with services that range from representing states on Capitol Hill and before the Administration to developing and implementing innovative solutions to public policy challenges through NGA Solutions -- Center for Best Practices.

Serving 22 NEW Governors in 2019

NGA Services

NGA SOLUTIONS

The NGA CENTER FOR BEST PRACTICES is the only research and development firm that directly serves the nation's governors. Areas of expertise inside the division grow aptitude in five key public policy areas being shaped in the states.

NGA GLOBAL

NGA ADVOCACY

The mission of NGA GOVERNMENT RELATIONS is to ensure governors' views are represented in the shaping of federal policy. The collective policy positions, reflecting governors' principles on priority issues, guide the association's efforts.

NGA FUTURE

NGA CONSULTING

NGA provides leadership assistance targeting the complete life-cycle of an administration—from election day through the final year in office. NGA Consulting offers services, resources and training, as well as a one-of-a-kind spouses' program.

NGA PARTNERS

NGA Center for Best Practices.

Energy, Infrastructure & Environment

Provide governors **state-based** energy, infrastructure and environment **solutions** that **enhance outcomes** for: economic development, mobility, sustainability, reliability, resiliency, health and safety.

NGA's Technical Assistance Toolkit

Multi-State Meetings and Expert Panels:

Convenings to help governors' offices and state officials increase their understanding of issues and best practices through peer-to-peer exchanges and discussions with experts. The NGA Center organizes ~100 meetings annually.

Policy Academies:

Intensive technical assistance between policy experts and state teams over the course of one year (or more) to develop strategic action plans and begin to work towards tangible outcomes

Governors Response Team:

Tailored responses to governors' requests, which may consist of written analyses, on-site consultations or connections between states

Learning Labs:

Opportunities for state teams to learn about and replicate innovative initiatives across states

Webinars and Calls:

Ongoing opportunities to convey policy updates on a variety of issues of interest to governors and their staffs

Publications:

Issue briefs, papers, reports, and actionable road maps with policy guidance for governors and their staffs

Retreats:

Short gathering of state officials and external stakeholders for states to discuss policy issues, existing state solutions and develop consensus on next steps

USVI: 1

State Outcomes

Idaho, Maryland and **Oregon** completed a detailed energy resiliency assessment of their states using a new NGA planning tool. NGA helped each state convene stakeholders to develop a list of action items to address key needs.

With support from the NGA, **Colorado, Nevada, New Jersey, North Dakota** and **Virginia** developed a detailed action plan to support their transition to a “smarter” state, including key steps to enhance data governance and support the build out of communications networks.

40 state teams attended one of four regional transportation electrification workshops and developed list of state/regional action steps
