## Coronavirus SARS-CoV2 COVID-19 Products & Pricing List

Facemasks, Respirators, Gowns, Coveralls, Facial Shields, Goggles, Gloves  
COVID-19 Tests RT-PCR, NAT & Antibody IgG/IgM (swab or blood)  
Transport & Invasive Ventilators

- 1) **Company:** World Precision Instruments (WPI). HQ: Sarasota, Florida USA
- 2) **About:** US based WPI has been providing high quality scientific research products for over 50 years. Our expertise includes sourcing quality products inside China (for the last 38 years) and exporting these out of China for worldwide distribution. WPI has never had an incident where we did not get the product ordered or received quality different than specified.
- 3) **WPI's Customers:** Global customer list includes thousands of governmental, hospital system, academic & commercial institutions. Notable customers:
  - a) **Government/Agency customers:** National Institutes of Health, 50+ Veterans Health Administration Medical Centers, 15+ State Departments of Health (including NY, CA, MA, & TX), USDA, + many more.
  - b) **Hospital System customers:** Cleveland Clinic, Mass General, Boston Children's Hospital, Shriners, St. Josephs + many more. See next page.
- 4) **WPI's Response to the SARS-CoV2 Pandemic:** WPI developed a streamlined and transparent China supply chain solution for SARS-CoV2 pandemic related supplies and equipment. Thus far in 2020, WPI has transacted SARS-CoV2 pandemic related products to over a dozen countries.
- 5) **WPI's Pricing Model for SARS-CoV2 Pandemic supplies and equipment:** WPI's pricing model is simple and transparent. Buyer directly prepays the **China manufacturer at invoice cost + 0%**. Upon WPI's completion of its end-to-end order procurement and Buyer's acceptance of shipment, Buyer pays WPI its sole compensation as a **performance-based order management fee equal to 15%** of the manufacturer invoice, net 15.
- 6) **Coronavirus SARS-CoV2 COVID-19 Products Manufactured in China:** Facemasks, Disposable Respirators, Gowns, Coveralls, Facial Shields, Goggles, Gloves, SARS-CoV-2 Laboratory and Patient Screening Tests (swab & blood), RT-PCR, NAT & Antibody IgG/IgM Rapid Diagnostic Tests (RDT), durable transport ventilators, and full featured invasive ventilators.
- 7) **Contact World Precision Instruments Response Team:**
  - President:** Cliff Bredenberg, President
  - Email / Hotline:** For RFQ, order, proforma invoice or product inquiries
  - Direct:** Guillaume Pinguet 786-704-1373 / William Slagle 904-515-8613
