## Our Answer is YES

Can Logistics enable COVID-19 response Efforts?

### New York City contract Overview

The cargo, which consists of personal protective equipment such as medical goggles, gloves and gowns, is being picked up in several locations throughout China, transported to the U.S. on direct charter flights, and delivered to special Covid-19 distribution centers in the city.

The company is transporting tons of personal protective equipment from China to New York City via charter flights delivering supplies to special Covid-19 distribution centers in the city.

More information [here](#)

Through the end of May, DB Schenker will have operated over 100 charter flights between Shanghai (PVG), Shenzhen (SZX), Shandong (TNA), and Beijing (PEK) and Munich, Germany for European distribution and Newark, NJ, transporting more than 4,000 tons of medical supplies

# Let's prepare together. **FAQs:**

**Q.** When do the goods including all documentation needs to be at the origin warehouse?

**A.** At least 72 hours before aircraft departure due to current handling situation at Chinese airports.

**Q.** Can dangerous goods be transported (e.g. sanitizers)?

**A.** Yes, but most sanitizers are dangerous goods and require pre-alignment on the dangerous goods, export and customs documentation. Also required is the CSTCG (Certification for Safe Transportation of Chemical Goods).

**Q.** Which documents are required for shipping masks?

**A.** Commercial invoice, Packing list, Customs declaration, Company registration certificate, Quality certificate

**Q.** How often does customs inspection occur for mask transportation?

**A.** Customs inspection is part of an enhanced export control process and 100% of mask exports undergo a customs inspection to ensure masks are in line with the quality requirements of the importing country.

**Q.** What is the process to clear customs into the United States?

**A.** As a Licensed Customs Broker in the USA, DB Schenker will support you in clearing the PPE equipment on behalf of your State/Community.
