

# Phased Allocation of COVID-19 Vaccines: State and Territorial Approaches

As of January 14, 2021

This table provides information on state and territorial plans for phased allocation of COVID-19 vaccines. As initial supply of COVID-19 vaccines is limited, Governors are focused on prioritizing certain high-risk populations for vaccine allocation through a transparent and equitable process. This table outlines state and territorial approaches according to Phases 1a-c, 2, and 3, however state Phases or Tiers may vary from this structure (e.g., additional phases or more condensed phasing) and such variations are noted where applicable for individual states.

State planning for allocation to critical populations across Phases, including guidance for providers and the public, will continue to evolve and this document will be updated to reflect additional details as they are released. For additional information on allocation of COVID-19 vaccines, including federal recommendations and considerations for states, please see NGA’s [Allocating COVID-19 Vaccines In Initial Phases Of Distribution: Federal Recommendations And Considerations For States](#).

Given the robust and rapid nature of state efforts, the National Governors Association welcomes feedback on state actions that may be missing or have evolved since the release of this table. If there is information that should be added or amended, please contact Kate Johnson [kjohnson@nga.org](mailto:kjohnson@nga.org) and Michelle LeBlanc at [mleblanc@nga.org](mailto:mleblanc@nga.org).

	Phase 1a	Phase 1b	Phase 1c	Phase 2	Phase 3
<a href="#">Alabama</a>	Critical healthcare workforce, residents of long-term care <ul style="list-style-type: none"><li>Frontline health workers, including clinical and non-clinical, in hospitals, nursing homes, or those providing in in-home or mental health care directly</li><li>Workers in other healthcare settings providing services with a risk of exposure to fluids and aerosols</li></ul>	Essential workers at highest risk for work related exposure Persons in identified age groups at risk for COVID 19 associated morbidity and mortality.  Note: <a href="#">Starting Jan. 18</a> , COVID-19 vaccinations for people 75 years or older, first responders, including law enforcement and firefighters, statewide by appointment.	Persons in identified age groups at risk for COVID 19 associated morbidity and mortality not included in Phase 1 b <ul style="list-style-type: none"><li>Persons with high-risk medical conditions</li><li>Essential workers not recommended for vaccination in Phase 1b</li></ul>	All persons in age groups not previously recommended for vaccine <ul style="list-style-type: none"><li>General Population not included in earlier phases</li></ul>	
<a href="#">Alaska</a>  <a href="#">Eligibility Quiz</a>	Tier 1 (available as of Dec. 15, 2020) <ul style="list-style-type: none"><li>Long term care facility staff members</li><li>Long term care facility residents</li><li>Hospital-based frontline health care workers and hospital personnel who are frequently exposed to COVID-19 patients, particularly those performing the highest risk procedures or who spend extended</li></ul>	Tier 1 (Scheduling opened on Jan. 6, 2021) <ul style="list-style-type: none"><li>Persons aged 65 years and older</li></ul> Tier 2 (timing not yet available) <ul style="list-style-type: none"><li>Frontline essential workers who are aged 50 years and older and whose work-related duties must be performed on-site and involve being in close proximity to the public or to coworkers</li></ul>			

	Phase 1a	Phase 1b	Phase 1c	Phase 2	Phase 3
	<p>periods of time bedside and whose absence from work would compromise the ability of the hospital to continue functioning</p> <p>Tier 2 (available as of Dec. 15, 2020)</p> <ul style="list-style-type: none"><li>Frontline EMS and Fire Service personnel providing medical services, who are frequently exposed to COVID-19 patients and whose absence from work would compromise the ability of these critical medical services to continue. This Tier includes personnel in certified ground-based and air medical services. This Tier also includes community health aides/health workers providing EMS services.</li><li>Community Health Aides/Practitioners</li><li>Health care workers proving vaccinations to identified populations in Phase 1a</li></ul> <p>Tier 3 (eligible to schedule appointments as of Dec. 30, vaccine clinics available starting Jan. 4, 2021)</p> <ul style="list-style-type: none"><li>Workers in health care settings at highest risk of contracting COVID-19 who are essential to the health care infrastructure and who regularly provide health care services that cannot be postponed or provided remotely. To be a qualifying worker in a health care setting, you must meet <b>all</b> of the following criteria:</li></ul>	<ul style="list-style-type: none"><li>People living or working in other congregate settings not covered in Phase 1a</li></ul> <p>Tier 3 (timing not yet available)</p> <ul style="list-style-type: none"><li>Persons aged 55–64 years</li><li>All persons aged 16 and older living in “unserved communities”</li><li>Frontline essential workers aged 16–50 years with two or more high-risk health conditions whose work-related duties must be performed on-site and involve being in close proximity to the public or to coworkers</li></ul> <p>Tier 4 (timing not yet available)</p> <ul style="list-style-type: none"><li>Persons aged 50 years and older with two or more high-risk health conditions</li><li>Frontline essential workers aged 16–50 years not covered in Tier 1–3 whose work-related duties must be performed on-site and involve being in close proximity to the public or to coworkers</li></ul>			

	Phase 1a	Phase 1b	Phase 1c	Phase 2	Phase 3
	<ul style="list-style-type: none"> <li>○ Have direct patient contact, or have direct contact with infectious materials from patients; <b>and,</b></li> <li>○ Provide essential services in a health care setting that cannot be offered remotely or performed via telework; <b>and,</b></li> <li>○ Provide a service in a health care setting that cannot be postponed without detrimental impact to the patient’s short-term or long-term health outcomes.</li> </ul>				
<a href="#">American Samoa</a>	Healthcare workers and first responders	Non-medical essential personnel — such as housekeeping and maintenance — and critical infrastructure personnel — such as those at the airport and seaport workers; American Samoa Power Authority, Stevedoring companies, Port security, StarKist, American Samoa TeleCommunications Authority and American Samoa Environmental Protection Agency	<p>Adults who are 65 years and older with at least one high-risk or chronic condition</p> <p>Sub-tier D Individuals between 16-years old and 65-years old with at least two high-risk health conditions</p>	<p>Sub tier A All healthy people 65 years old and older with no chronic health conditions</p> <p>Sub-tier B Vaccination of other government and business workers</p> <p>And once all of these sub-tiers are completed, vaccinations will be offered to the rest of the population.</p>	
<a href="#">Arizona</a>	<p>Healthcare personnel, including frontline workers at increased risk for COVID-19 and may have underlying medical conditions</p> <ul style="list-style-type: none"> <li>• Healthcare practitioners and technical occupations (doctors, nurses, pharmacists, EMTs, paramedics, dentists, etc.)</li> <li>• Healthcare support occupations (home health</li> </ul>	<p>Prioritized essential workers</p> <ul style="list-style-type: none"> <li>• Education and childcare providers (teachers and staff)</li> <li>• Protective service occupations (law enforcement, corrections, and other emergency response staff)</li> </ul> <p>People at increased risk for severe COVID-19 disease</p> <ul style="list-style-type: none"> <li>• Adults 75 years and older</li> </ul>	<p>People at increased risk for severe COVID-19 disease</p> <ul style="list-style-type: none"> <li>• Adults with underlying medical conditions (obesity, COPD, heart disease, diabetes, chronic kidney disease)</li> <li>• Adults 65+ years and older</li> <li>• Adults living in congregate settings</li> </ul>	Population at large	

	Phase 1a	Phase 1b	Phase 1c	Phase 2	Phase 3
	<p>aides, nursing assistants, medical assistants, etc.)</p> <p>Long-term care residents at highest risk for severe disease and death, including staff who interact with vulnerable populations</p> <ul style="list-style-type: none"><li>• Skilled nursing facility residents</li><li>• Assisted living, independent living, HUD senior housing</li><li>• DES group homes for individuals with developmental disabilities and ICF-IIDs, and staff</li></ul>	<p>Essential workers (based on CISA and EO 2020-12 definitions)</p> <ul style="list-style-type: none"><li>• Power and utility workers</li><li>• Food and agriculture related occupations (packaging and distribution workers, grocery and restaurant workers)</li><li>• Transportation and material moving occupations (public transportation providers, airlines, gas stations, auto shop workers, and other transportation network providers)</li><li>• State and local government workers that provide critical services for continuity of government</li><li>• Other essential workers (e.g., business and financial services, supply chain for critical goods, funeral services, critical trades, etc.)</li></ul> <p>Congregate setting residents at highest risk for severe disease and death</p> <ul style="list-style-type: none"><li>• Adults with high-risk medical conditions living in shelters or other congregate living settings</li></ul> <p>Note: A <a href="#">mass vaccination site</a> opened on Jan. 11 for law enforcement and other protective service workers, and appointments for others in Phase 1B and Phase 1A were made available on Jan. 12.</p>			

	<i>Phase 1a</i>	<i>Phase 1b</i>	<i>Phase 1c</i>	<i>Phase 2</i>	<i>Phase 3</i>
<a href="#"><u>Arkansas</u></a>	Health care workers, long-term care (LTC) residents and staff, EMS, fire and law enforcement who serve as first responders and other high priority groups	<p>People 70+ years old, teachers and school staff, food/agriculture workers, firefighters and police not in Phase 1-A, manufacturing workers, grocery store workers, public transit workers, childcare workers, U.S. Postal Service workers, essential government workers</p> <p>Timeline: First groups begin on January 18. These groups are Arkansans 70 or older and education workers including K-12, childcare and higher ed.
